L-BRACKET

Strong rare earth magnets housed in stainless steel mounts create catches that will stand up to outdoor or marine use

- Holding strengths up to 40 lbs - available in L-bracket or flush-mount styles
- Use on doors, drawers, lids and even gates.
- Brackets and housings are produced from 204 stainless steel which has excellent corrosion resistance but retains its ferromagnetic properties.
- Nickel plated rare earth magnets provide lifetime service.
- All strike plates are 3mm thick and can be recessed to reduce the gap between cabinet and door.
- Stainless steel mounting screws are included.

NEW! Demo Display Unit

for customers to test pull force for each style / size of magnet

14" 6"
